### **Air Techniques Donates to Mercy Ships in Partnership with PSEG and US Energy Group**

**MELVILLE, New York — (May 12, 2017) — [Air Techniques, Inc.](#)**, a leading innovator and manufacturer of dental equipment, has joined hands with Public Service Enterprise Group (PSEG), and US Energy Recovery to pledge \$217,051 to [Mercy Ships](#).

A global charity, [Mercy Ships](#) operates a fleet of hospital ships that provide hope and healing in developing nations. Founded in 1978 by Don Stephens, Mercy Ships leads over 1,000 professional volunteers from 45 nations with offices in 16 countries. Charitable donations are put to use with 77.91% of donations being used to support the ship and field programmatic operations, 13.81% supporting fundraising efforts and 8.29% going to general and administrative costs.

"Mercy Ships hits a spot near and dear to the Air Techniques Corporation," said Christoph Roer, Chief Executive Officer of [Air Techniques](#). "Seeing the photos and videos of the procedures and care that [Mercy Ships](#) performs makes us proud to support this amazing charity."

[Air Techniques](#) presented the donation to Mercy Ships representative, Ms. Jackie Abbott on Friday, May 12 at the Air Technique headquarters in Melville, NY. PSEG members Mr. Alex Nyilas, Mr. Haneef Khan, Mr. Walter Hoefer, Mr. Michael Voltz, Mr. Domenic Abbatiello, Ms. Kristine Pappas were also on site to present their donation of \$211,878. US Energy Recovery representative Mr. Bill Lee was also on site to present the donation of \$5,173 to Mercy Ships.

Committed to making a positive impact on the environment, [Air Techniques](#) works with US Energy Recovery and PSEG to ensure they are doing all they can as a corporation to be energy efficient. Thanks to these efforts, Air Techniques was able to partner with these groups to generate honorable savings to provide this donation to Mercy Ships.
