Safety Data Sheet

according to 29 CFR 1910.1200(g)

FORMULA 2000 PLUS COMPONENT 1
Print date: 12.04.2018  Product code: 1295-2  Page 1 of 7

1. Identification

Product identifier

FORMULA 2000 PLUS COMPONENT 1

Use of the substance/mixture
Cleaner

Details of the supplier of the safety data sheet

Company name: Air Techniques, Inc.
Street: 1295 Walt Whitman Road,
Place: USA Melville, NY 11747
Telephone: 516-433-7676
Responsible Department: Responsible for the safety data sheet: sds@gbk-ingelheim.de

Emergency phone number:
for US and Canada: 1-800 424-9300 (CHEMTREC)

2. Hazard(s) identification

Classification of the chemical

Hazard categories:
Acute toxicity: Acute Tox. 4
Skin corrosion/irritation: Skin Irrit. 2
Serious eye damage/eye irritation: Eye Irrit. 2
Respiratory/skin sensitization: Skin Sens. 1
Carcinogenicity: Carc. 2
Specific target organ toxicity - single exposure: STOT SE 3
Specific target organ toxicity - repeated exposure: STOT RE 2

Hazard Statements:
Harmful if swallowed
Causes serious eye irritation
May cause an allergic skin reaction
Suspected of causing cancer
Suspected of damaging the unborn child
May cause damage to organs through prolonged or repeated exposure

Label elements

Signal word: Danger
Pictograms: exclamation mark; health hazard

Hazard statements

Harmful if swallowed
Causes serious eye irritation
May cause an allergic skin reaction
Suspected of causing cancer
Suspected of damaging the unborn child
May cause damage to organs through prolonged or repeated exposure

Precautionary statements

Do not handle until all safety precautions have been read and understood.
Wear protective gloves/protective clothing/eye protection/face protection.
Do not eat, drink or smoke when using this product.
Wash hands thoroughly after handling.
Obtain special instructions before use.
Wear protective gloves/protective clothing/eye protection/face protection.
Store locked up.
If swallowed: Call a POISON CENTER or doctor/physician if you feel unwell. If you feel unwell.
If exposed or concerned: Get medical advice/attention.
Dispose of contents/container to in accordance with local and national regulations.

Hazard not otherwise classified
No data available.

3. Composition/information on ingredients

Mixtures

Chemical characterization
Mixture

</table>

4. First-aid measures

Description of first aid measures

General information
Remove contaminated soaked clothing immediately.
If you feel unwell, seek medical advice.

After inhalation
Move to fresh air in case of accidental inhalation of vapours or decomposition products.
In the event of symptoms refer for medical treatment.

After contact with skin
Remove contaminated soaked clothing immediately.
Wash off immediately with soap and plenty of water.
Consult a doctor if skin irritation persists.

After contact with eyes
Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes.
Summon a doctor immediately.

After ingestion
Rinse out mouth and give plenty of water to drink.
Do not induce vomiting.
Call a physician immediately.

Most important symptoms and effects, both acute and delayed

DANGER!
Irritating to eyes, respiratory system and skin.
Limited evidence of a carcinogenic effect.
May cause sensitization by inhalation and skin contact.
Harmful: danger of serious damage to health by prolonged exposure through inhalation.

OSHA Hazard Communication: This material is considered hazardous by the OSHA Hazard Communication Standard 29CFR 1910.1200.

Indication of any immediate medical attention and special treatment needed
Treat symptoms.
5. Fire-fighting measures

**Extinguishing media**

**Suitable extinguishing media**
- Foam, carbon dioxide (CO2), dry chemical, water-spray.

**Unsuitable extinguishing media**
- Full water jet.

**Specific hazards arising from the chemical**
- Fire may produce: Carbon monoxide, carbon dioxide and sulphur oxides.

**Special protective equipment and precautions for fire-fighters**
- Wear self-contained breathing apparatus and protective suit.

**Additional information**
- Do not breathe gases from fire and explosion.
- Cool containers at risk with water spray jet.
- Collect contaminated firefighting water separately, must not be discharged into the drains.

6. Accidental release measures

**Personal precautions, protective equipment and emergency procedures**
- Ensure adequate ventilation.
- Use personal protective clothing.

**Environmental precautions**
- Do not discharge into the drains or bodies of water.

**Methods and material for containment and cleaning up**
- Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder).
- Disposal according to regulations.

**Reference to other sections**
- Information for disposal look up chapter 13.

7. Handling and storage

**Precautions for safe handling**

**Advice on safe handling**
- Keep container tightly closed.
- Use only in well-ventilated areas.
- Avoid contact with skin, eyes and clothing.

**Advice on protection against fire and explosion**
- No special protective measures against fire required.

**Conditions for safe storage, including any incompatibilities**

**Requirements for storage rooms and vessels**
- Keep container tightly closed in a dry, cool and well-ventilated place.
- Keep at temperatures between 5°C and 25°C.

**Further information on storage conditions**
- Store in original container.
- Keep away from food, drink and animal feeding stuffs.

8. Exposure controls/personal protection

**Control parameters**

**Exposure controls**
Appropriate engineering controls
Ensure adequate ventilation, especially in confined areas.

Protective and hygiene measures
Wash hands before breaks and immediately after handling the product.
Avoid contact with skin, eyes and clothing.
At work do not eat, drink and smoke.
Remove soaked clothing immediately.

Eye/face protection
Tightly fitting goggles.

Hand protection
Wear protective gloves (rubber or nitrile)
This recommendation refers exclusively to the chemical compatibility and the lab test conforming to EN 374 carried out under lab conditions.
Requirements can vary as a function of the use. Therefore it is necessary to adhere additionally to the recommendations given by the manufacturer of protective gloves.

Skin protection
Protective clothing

Respiratory protection
In case of insufficient ventilation wear suitable respiratory equipment (gas filter type A).

9. Physical and chemical properties

</tr>
</tbody>
</table>
Conditions to avoid
Protect from moisture.
To avoid thermal decomposition, do not overheat.

Incompatible materials
Strong acids and strong bases.

Hazardous decomposition products
Carbon monoxide, Carbon dioxide, Sulphur dioxide (SO2)

Further information
No decomposition if stored and applied as directed.

11. Toxicological information

Information on toxicological effects

Route(s) of Entry
Skin and eye contact, inhalation and ingestion.

Acute toxicity
Harmful if swallowed

ATEmix calculated
ATE (inhalative aerosol) 2,453 mg/l

Acute toxicity

</table>

Irritation and corrosivity
Causes serious eye irritation

Sensitizing effects
May cause an allergic skin reaction

Specific target organ toxicity (STOT) - single exposure
Based on available data, the classification criteria are not met.

Severe effects after repeated or prolonged exposure
May cause damage to organs through prolonged or repeated exposure

Carcinogenic/mutagenic/toxic effects for reproduction
Suspected of causing cancer (thiocarbamide, thiourea)
Suspected of damaging the unborn child (thiocarbamide, thiourea)

Carcinogenicity (NTP):
listed

Carcinogenicity (IARC):
listed , IARC 2B

Carcinogenicity (OSHA):
Not listed

Aspiration hazard
Based on available data, the classification criteria are not met.

12. Ecological information

Ecotoxicity
No data available.
Persistence and degradability
No data available.

Bioaccumulative potential
No data available.

Mobility in soil
No data available.

Other adverse effects
No data available.

Further information
Do not discharge into surface waters/groundwater.

13. Disposal considerations

Waste treatment methods

Advice on disposal
Where possible recycling is preferred to disposal.
In accordance with regulations for special waste, must be taken to a special waste disposal.

Contaminated packaging
Contaminated packagings are to be treated like the product itself.

14. Transport information

US DOT 49 CFR 172.101
Proper shipping name: Not regulated.

Other applicable information
Non hazardous material as defined by the transport regulations.

15. Regulatory information

U.S. Regulations

National Inventory TSCA
All of the components are listed on the TSCA inventory.

SARA
This product contains toxic chemical(s) subject to the reporting requirements of Section 313 of the Superfund Amendments and Reauthorization Act (SARA/EPCRA) and the requirements of 40 CFR Part 372. Any such toxic chemical(s) are shown below.
Thiourea : (max. 5%)

16. Other information

Hazardous Materials Information Label (HMIS)
Health: *2
Flammability: 1
Physical Hazard: 0

NFPA Hazard Ratings
Health: 2
Flammability: 1
Reactivity: 0

Changes in chapter: -

Other data

The information in this document is based on the present state of knowledge and is applicable to the product with regard to appropriate safety precautions.
(n.a. = not applicable; n.d. = not determined)

(The data for the hazardous ingredients were taken respectively from the last version of the sub-contractor's safety data sheet.)
